

Dr. Tony's RADIANT GREENS™

What is it?

A powerful super food formulation of grown grasses and vegetables, blood purifying and immune enhancing herbs, and antioxidants. **Dr. Tony's Radiant Greens™** is naturally alkaline, helping to balance your body's pH, while providing you with the vitamins, minerals, amino acids, and plant proteins you need for proper cell regeneration.

Why take it?

The need for supplementation has never been greater than it is today. Our foods simply do not have the same nutritional value of years past. Plants and vegetables absorb 67 vitamins and minerals from the soil. However, a typical farmer will add only three nutrients back into his soil. Over time, this practice creates a huge nutritional deficiency in our daily diets. **Dr. Tony's Radiant Greens™** helps you overcome this deficiency by providing the nutrition your body needs in every serving.

Dr. Tony's RADIANT GREENS™

What's in it?

APPLE FRUIT POWDER

- Assists in digestion

SPIRULINA POWDER

- High in iron and natural protein

ASTRAGALUS ROOT POWDER

- Potent immune enhancing herb
- Increases phagocytosis, interferon production, number of macrophages
