

RE: FLEX

DIETARY SUPPLEMENT

Re:Flex is a proprietary blend of enzymes, powerful herbs and antioxidants specifically formulated to support muscle and joint health while helping you recover more quickly from physical activity.

BENEFITS

- Helps support the body's natural healing and anti-inflammatory processes
- Effectively supports the body in repairing tissue following an injury
- Enzyme based formula helps with pain and inflammation
- Promotes faster recovery from exercise and competition
- Helps maintain healthy muscles and joints

WHAT RE:FLEX PROVIDES

Whether you are a weekend warrior or an athlete in training, the minor and self-resolving muscle and joint discomfort associated with or resulting from intense activity can be hard to ignore. Nutrients, like the enzymes and antioxidants found in Re:Flex can support the body's natural healing and anti-inflammatory processes.

Re:Flex provides highly concentrated proteolytic enzymes, including bromelain and Boswellia, for temporary relief of inflammation and to support healing. In addition, Re:Flex supplies a potent combination of antioxidant nutrients to help the body fight the free radicals released after an injury or exercise.

FEATURES

- Contains a blend of antioxidant ingredients like grape seed extract, turmeric, and lycopenes to support for the body's healing processes and aid recovery
- Combines an active blend of cleanup enzymes with Boswellia, turmeric, and plant-based antioxidants to support health
- Re:Flex is a powerful combination of natural herbs and proteolytic enzymes that support the immune system's natural anti-inflammatory processes
- Contains no lactose, gluten, MSG, salt, sugar, artificial colors, flavors, sweeteners, chemical preservatives, additives or fillers
- Encourages production of the body's own powerful antioxidant enzyme – SOD – for faster recovery

GREAT FOR PEOPLE WHO:

- Need extra support for joint and muscle health
- Participate in strenuous activity
- Want to recover more quickly from exercise, sports or other physical activities
- Want to support the body's natural healing processes
